knowing you. Always remember

Nan

Linda,
Thanks again
for all the gum.
You're a great
kid and don't
forget our study hall
with Mr. Lenny.

Joanne

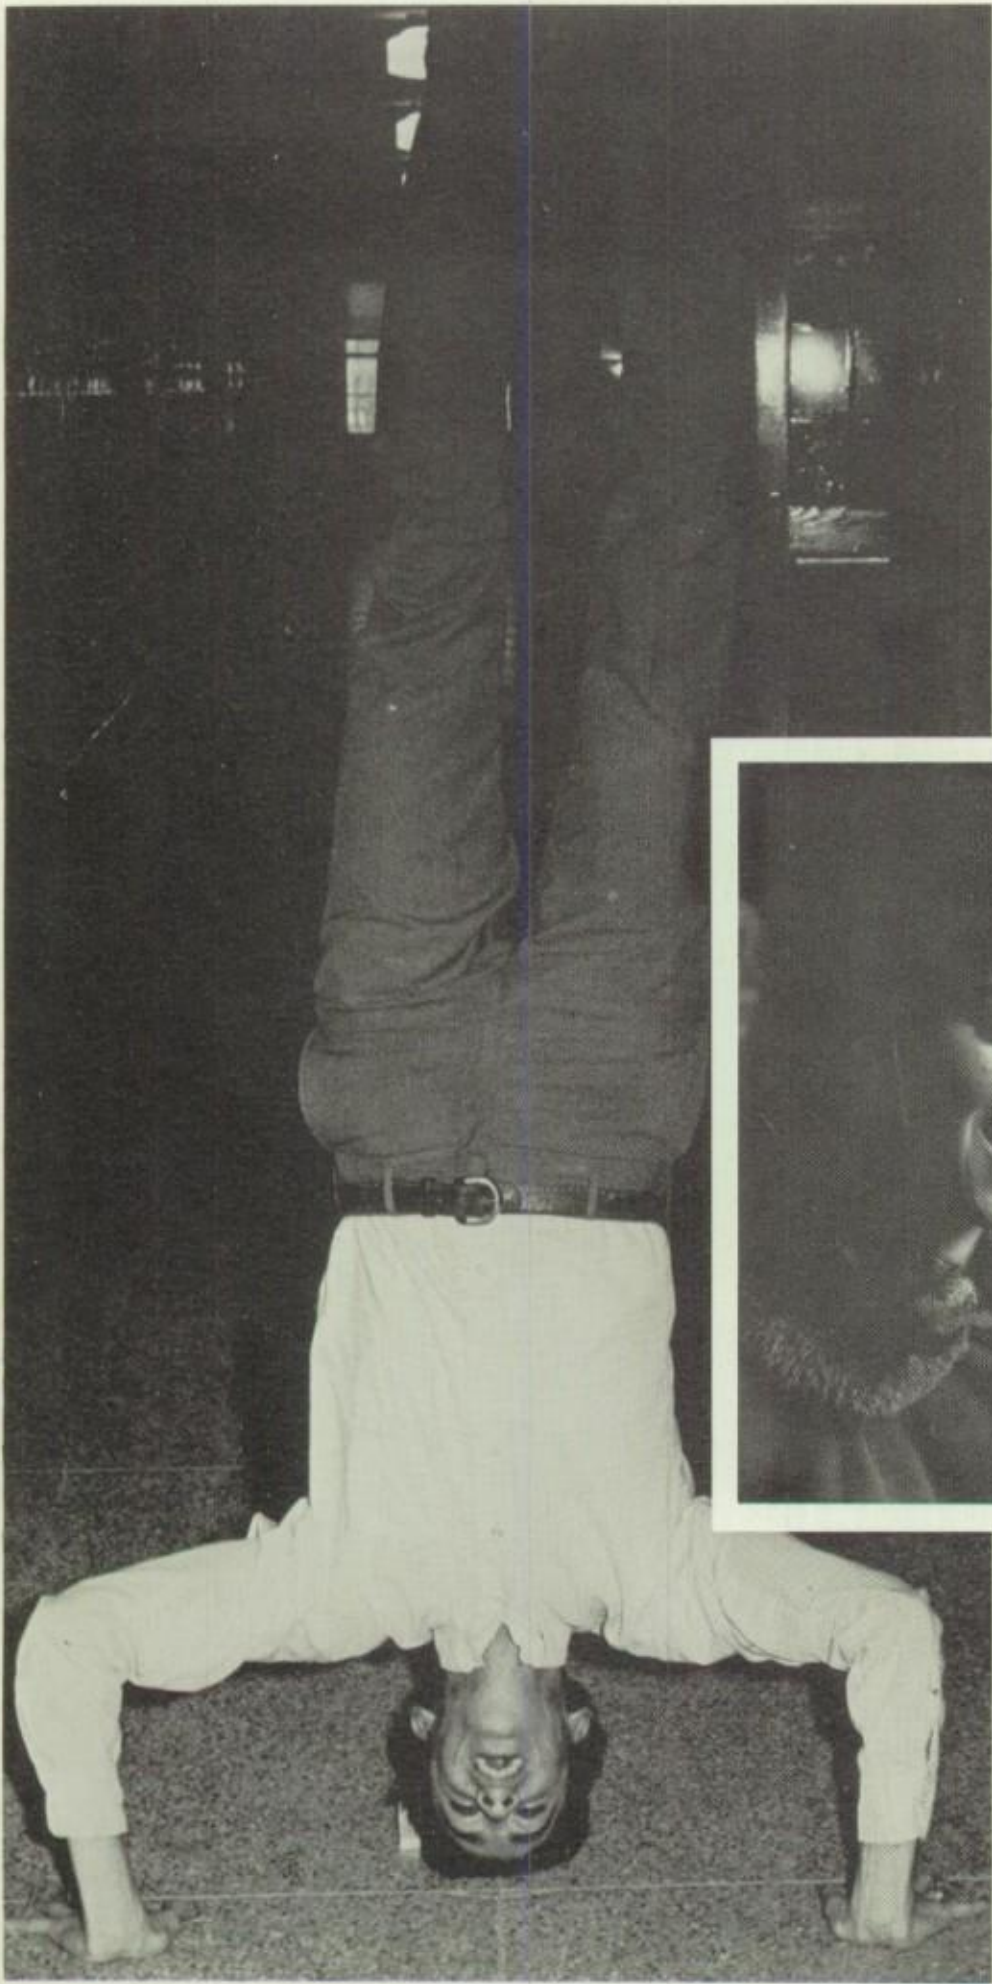

Dear Lynn
Well, it took
me long enough
but I've finally
done it. I signed your
year Book. I'll be a long time,
say. It's still good friends.
and we're old times for a moment
go back on the chervies in the punch bowl
"How's the mean you coming to a costume
Party as the most beautiful girl there. "On the
beach feeling. I'll have to add you're
enough said. But I know who can get "high"
memories. I say on a scotch who can get "high"
the only girl I hang up. But lollipop. We all
should I say on a scotch who can get "high"
have our hang ups. But lollipop. We all
I can see if it were S.C. But I never!
sit and think, trying to figure out what
causes people to remain friends for such
a long period of time, and always come
up with the same conclusion. To me, it
is just being you. Not putting on an
act, selling faults in other people and letting
it both you, just of being yourself,
to me, that's you, just of being yourself,
you don't have to act, your personality,
and friendliness will carry you through
any sorrow or pain, and yet still with
that Linda Meyer smile. I'm going
to stop for now, to be continued at
a later date.
ps. If any problem ever
bothers you remember
I'm here, I'll help in
any way possible (to page 101!)

Sincerely,
With love
(you adopted) Brother
George

JOHN C. CRANE, JR.

No man is an island, entire of itself;
Every man is a piece of the continent,
a part of the main.
If a clod be washed away by the sea,
Europe is the less,
As well as if a promontory were,
As well as if a manor of thy friends or
of thine own were.
Any man's death diminishes me,
Because I am involved in mankind;
And therefore never send to know for
whom the bell tolls:
It tolls for thee.

—John Donne
